

FREEMOTION®

# b22.7 COACHBIKE™

MODEL # FMEX82820

## CARDIO COACHBIKE™

The most interactive machine on the market, the Freemotion CoachBike™ transports cyclists to breathtaking locations around the globe. Top instructors motivate and inspire the rider to push themselves a little harder, helping to better maximize their output. An innovative and inspiring machine, the CoachBike™ reimagines the way we view workouts, giving each user their own unique and personal training experience.

## COACHBIKE™

### PRODUCT FEATURES

#### INTERACTIVE AND ENGAGING WORKOUT EXPERIENCE

A stunning 22-inch high-definition display delivers a near-endless library of iFit coaching sessions lead by more than 100 top trainers who motivate and inspire riders to continually push themselves. With Google Maps™, users may also create an endless supply of real-time, interactive routes.

#### AUTO-ADJUSTING

The interactive training experience leads users up 20% inclines and down 10% declines as the program automatically controls the bike's resistance, incline, and decline.

#### IMMERSIVE RIDE

With versatile handlebars, dual-sided pedals (SPD and toe strap), and an ergonomic resistance shifting system that auto-adjusts to virtual terrain changes, the CoachBike delivers a personalized and immersive riding experience.

#### AUTOBREEZE™ WORKOUT FAN

Riders stay cool throughout their workout with a conveniently-located 3-Speed Fan or select the AutoBreeze™ feature to enjoy a variable flow that responds to their cycling pace.

#### PERSONAL FIT

The simple adjustment knobs quickly provide many different saddle and handlebar combinations to fit every body type, ensuring each user receives a personal riding experience.

#### GATES CARBON DRIVE™ SYSTEM

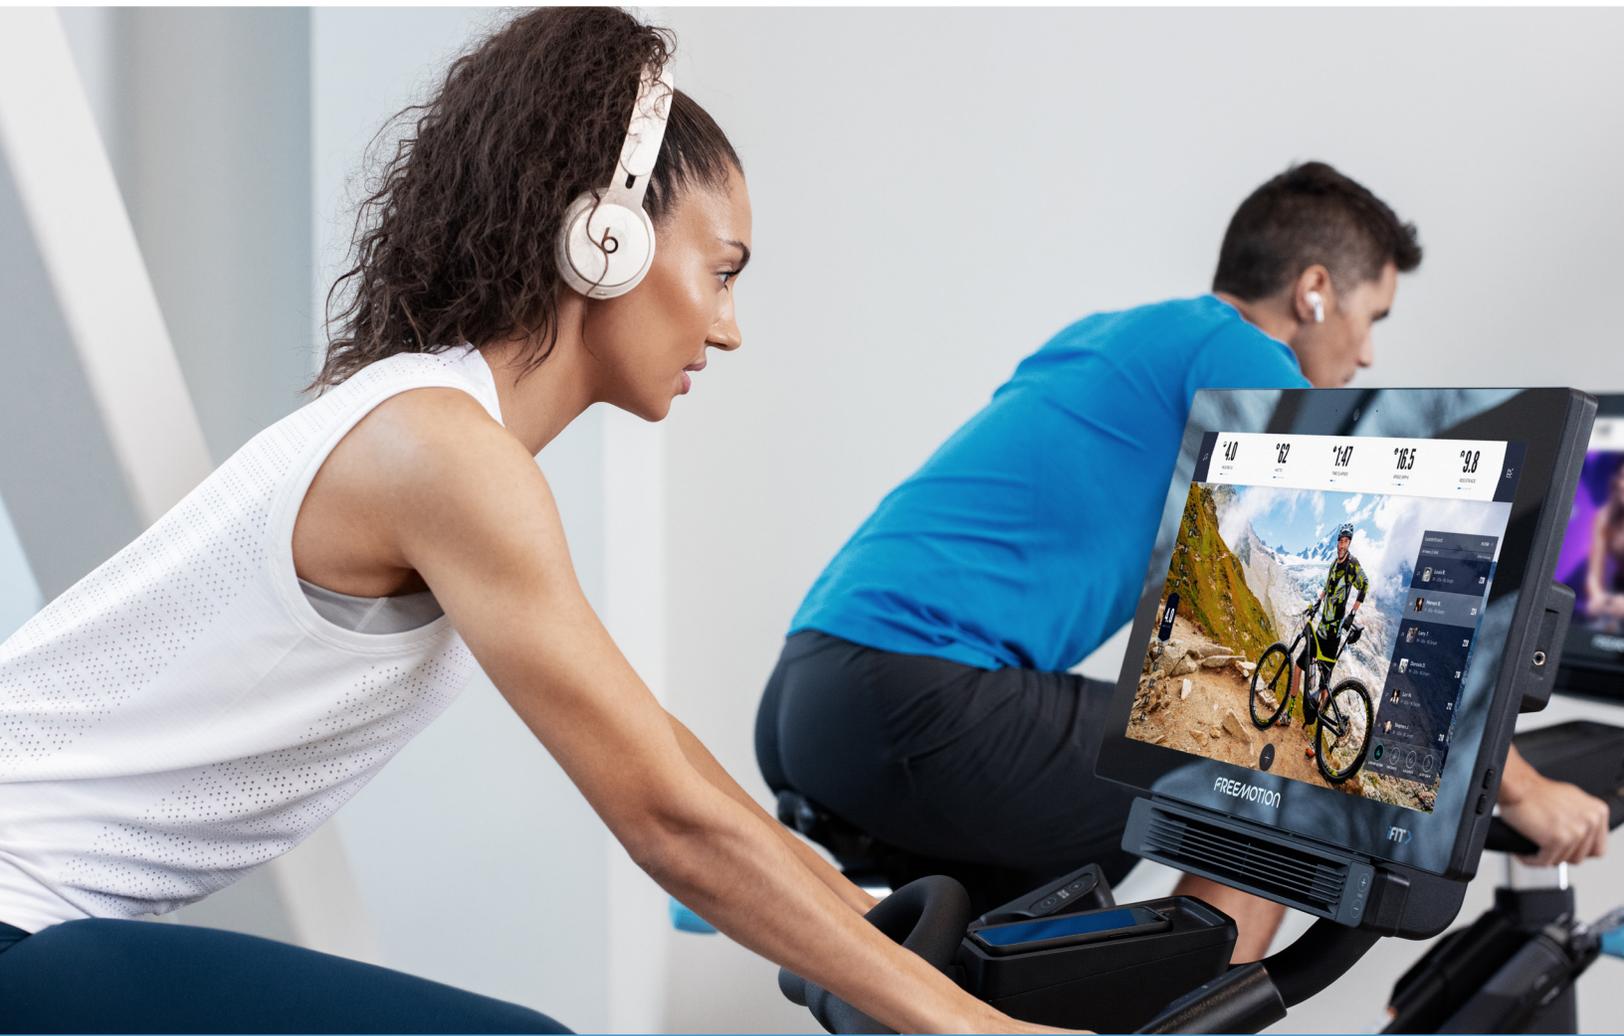

This maintenance-free carbon drive system delivers the same quiet, smooth ride that a belt drive provides, with the strength and efficiency of a chain.

#### EASE OF MAINTENANCE

One of the most maintenance-friendly bikes on the market, the magnetic resistance system, carbon belt, rust-resistant aluminum frames, and hidden stainless steel hardware make it easy to clean and maintain without the need for replacement parts.

Connectivity	Ethernet or Wifi-min. 10 Mbps
Frame	Lightweight Aluminum Frame
Drive System	Gates Carbon GT Belt Drive System
Resistance System	Eddy Current Magnetic Resistance
Weight Capacity	350 lbs (159 kg)
Power Requirements	AC Plug-in (120/240V)
Product Dimensions (LxWxH)	57 x 24 x 63 in (144.8 x 61 x 160 cm)
Product Weight	168 lbs
Shipping Dimensions (LxWxH)	48.5 x 17.1 x 38 (123.2 x 43.4 x 96.5 cm)
Shipping Weight	200 lbs

## FACILITY SPECIFICATION REQUIREMENTS

### **ELECTRICAL POWER**

CoachBikes can be powered by a standard 15A Circuit. A maximum of five (5) bikes may be run safely on a single circuit.

### **NETWORK CONNECTIVITY**

Freemotion requires a minimum of Category 5e (Cat5e) twisted pair ethernet cable. Freemotion recommends Category 6 (Cat6) twisted pair ethernet cable to ensure stable and efficient connection.

Freemotion requires all switching devices to be capable of handling up to 10/100/1000 Mbps, and a dedicated network connection for each connected fitness product. All connected products, whether on WiFi or via Ethernet, should be on a secure and protected network capable of providing a minimum bandwidth of 10 Mbps per unit.
