MODEL # F504

GENESIS DS™ LIFT/STEP

CABLE STRENGTH GENESIS DS

Train the muscles in your legs and back to work together and improve strength for everyday lifting and stepping with the Genesis DS™ Lift-Step. The Lift-Step combines low pulling and rotational movements with stepping and lunging movements to engage a total-body workout. The Line-X® platform features a shock and quick release handle that adjusts the height of the platform for a personalized workout. Cable-based training with aluminum swivel-pulley technology targets specific muscles with free range of movement.

GENESIS DS LIFT/STEP

PRODUCT FEATURES

- ① **ONE AND DONE**
Customize the height of the Line-X® platform by using the quick release handle. The gas shock assist handle engages a shock that makes easy, custom adjustments in seconds.
- ② **MULTIPLE LOW PULLING/STEPPING OPTIONS**
The Freemanotion Lift/Step machine combines pulling with stepping to create a total-body, strength-training workout.
- ③ **BEST FOOT FORWARD**
The heavy-duty platform is coated with textured Line-X® for stable foot positioning and ultimate durability.
- ④ **SNAP CLIP DESIGN**
Quickly Snap Clip design allow handle lengths to be adjusted without having to remove them from the machine, meaning there's less chance of handles going missing.
- ⑤ **INDUSTRIAL CONSTRUCTION**
This machine is built with 11 and 7-gauge steel tubing and has been electrostatically powder-coated with paint that endured 2,000 hours of salt spray testing.
- ⑥ **WEIGHT CAPACITY**
Built to last, this Genesis DS™ works for people up to 400 lbs (181 kg).
- ⑦ **TWO ENCLOSED WEIGHT STACKS**
Protected, limited access to moving parts is safer for your members and trainers.
- ⑧ **INDIVIDUALIZED WORKOUTS**
Handles move one at a time to perform single-arm movements that will engage the entire body.
- ⑨ **SWIVEL AND SLIDE**
Target specific muscles with the swivelling pulleys on this machine. Muscles will also be firing to stabilize and balance the body.
