GENESIS™ ROW

MODEL # F604

CABLE STRENGTH GENESIS™

Because it starts from a higher position, the Genesis Row was designed to do more than a typical row. Extra plush thigh pads support the legs as members pull down to a relaxed shoulder position - counteracting the shoulder shrug from sitting at a desk all day. With single arm or dual arm movements, levers move independently to open up a ton of workout possibilities - chop, twist, press, punch. Turn a typical strength training workout into an aerobic, heart pounder.
